

MINI (0-3,5 t)

PVL130P

- durable crimping head for long service life
- crimping force max. 13 kN
- parallel-moving dies
- high-performance 12 V Li-Ion battery – with indication of charge status
- open head, rotating
- easy and comfortable to use one handed thanks to its ergonomic 2-component housing with grip-friendly protection
- automatic return of dies when crimping is complete

Elpress mini tool PVL130P, electro-hydraulic crimping tool 0.25-50 mm².

Item number: **5204-010200**

EAN: **7393487059818**

Delivery box: **Plastic case**

Working temperature, Min (°C): **-10**

Working temperature, Max (°C): **40**

Crimp geometries: **Tab, Oval, Roll, Trapezoid, W**

Battery: **10,8V, 2Ah Li-Ion**

Crimp time (s): **approx. 2, depending on the material**

Crimps/charge: **approx. 230 for 10 mm² Cu**

AWG/MCM Cu: **24 - 1/0 AWG**

mm² Cu: **0,25-50**
