

MINIFORCE

# EL2258

- ergonomic handles facilitate installation
- scissor movement for optimal access in confined spaces
- locking function which only releases once the crimp is complete
- hexagonal crimping with clearly marked crimping positions
- possibility of adjustment at calibration after long-term use

Tested and certified mechanical hand-held tool for crimping Cu-terminals, type KRF/KSF 16-25 mm<sup>2</sup>.

Item number: **5111-226300**

EAN: **7393487042797**

Ratchet function that does not trigger until completed crimp: **Yes**

Crimp geometries: **Hexagonal**

AWG/MCM Cu: **6 - 4 AWG**

mm<sup>2</sup> Cu: **16-25**

Crimp range Cu-terminals min (mm<sup>2</sup>): **16**

Crimp range Cu-terminals max (mm<sup>2</sup>): **25**
