

Stripping tools

QSF-F

This wire stripper is suitable for all current insulated round cables from 8 to 13 mm diameter (5/16" – 1/2" Ø) on the building site, e.g. NYM 3×1,5 bis 5×2,5 mm², NHXMH 3×1,5 bis 5×2,5 mm² halogen free. A cable dismantling blade is built into the tool with an innovative internal cable duct which allows you to make a length cut along the cable to easily peel back the insulation on long cuts.

Item number: **4321-003400**

EAN: **7393487092518**

Delivery box: **Plastic case**

Max Ø conductor (mm): **8-13**

Material cutting blades: **Tempered forged steel**
