

Shearbolt connectors with heat shrink insulation,
1kV

KSC240N-1- 4HS

- kit with screw connectors for low voltage 1 kV
- polyolefin heat shrink insulation
- the connector bodies are internally coated with adhesive that melts when heated
- the splice becomes completely watertight

Connector kit for splicing plastic insulated 3 and 4-conductor cable for Al or Cu conductors up to 1 kV, round cable 95-240 mm², sector formed cable 95-240 mm² (acc. to IEC 60228). Comes complete with screw connectors, insulation, emery cloth, 2 filler pieces, vulcanising tape and instructions for use. When splicing screen conductors 29-146 mm², filler piece SC240/PEN is used for splicing the copper screen of the cable.

Item number: **7321-007400**
EAN: **7393487049345**

Max voltage (kV): 1

Screen conductor (with filling piece), Min (mm²): **29-146 (SC240/PEN)**

Screen conductor (with filling piece), Max (mm²):
29-146 (SC240/PEN)

Cable type Round (mm²): **95-240**

Cable type Sector (mm²): **95-240**
