

## Hydraulic cutting heads

# KL2585

KL2585, Cable cutting head for Elpress pumps  
Used with Elpress pumps, design based on the  
V250 system

242 kN of force

Interchangeable blades

Cutting diameter 85 mm

Cuts 4 x 150 mm<sup>2</sup> Cu conductors and Ø 85 mm  
aluminium, paper and plastic insulated cables (there  
may be some limitations depending on the material  
and design of the cable). Also cuts steel reinforced  
cable, but not steel wire reinforced cable.

Compatible with ERGO and ERGOCOM handles for  
ergonomic handling (PS710E)

Supplied in a durable plywood box

Ground point (brass bolt) on the cutting head

Item number: **5209-258500**

EAN: **7393487082519**

Delivery box: **Plywood box**

Max Ø conductor (mm): **85**

Max cutting force (kN): **242**

AWG/MCM Stranded Al: **8 AWG - 950 MCM**

AWG/MCM Cu: **8 AWG - 1000 MCM**

mm<sup>2</sup> Cu: **630**
