

Shearbolt connectors with heat shrink insulation,  
1kV

# KSC95N-1- 5HS

- kit with screw connectors for low voltage 1 kV
- polyolefin heat shrink insulation
- the connector bodies are internally coated with adhesive that melts when heated
- the splice becomes completely watertight

Splice kit for splicing plastic insulated 5-conductor cable for Al or Cu conductors up to 1 kV, round cable 35-95 mm<sup>2</sup>, sector formed cable 50-95 mm<sup>2</sup> (acc. to IEC 60228). Comes complete with screw connectors, insulation, emery cloth, 2 filler pieces, vulcanising tape and instructions for use.

Item number: **7321-008200**

EAN: **7393487059771**

Max voltage (kV): **1**

Screen conductor (mm<sup>2</sup>): **57-95**

Screen conductor (with filling piece), Min (mm<sup>2</sup>): **16-35 (SC95N/PEN)**

Screen conductor (with filling piece), Max (mm<sup>2</sup>): **16-35 (SC95N/PEN)**

Cable type Round (mm<sup>2</sup>): **35-95**

Cable type Sector (mm<sup>2</sup>): **50-95**
